

# Nokia 2.3

Discover the power of AI

## Colours:

Cyan Green

Sand

Charcoal

## Key features:

- Introducing 'Recommended Shot' – a brand new Nokia phones feature helping you choose the best picture, whether it's the mid-air backflip, the family portrait where everyone is actually smiling or the winning goal.
- Sit back, relax and enjoy the big 6.2" HD+ screen from the palm of your hands, bringing your favourite stories to life.
- Power through your day. Lasts up to two days on a single charge thanks to the 4000mAh battery with AI-assisted Adaptive Battery technology<sup>1</sup>. It learns what apps you use the most and prioritizes power for them – so you can use more of the features you love, for longer.
- Capture more of your highlights even in low-light with the help of AI-powered image fusion.
- The 13 MP + 2 MP dual sensor rear camera lets you take unique portraits with a variety of exclusive bokeh – or blurred background – effects like the Classic, Butterfly, Heart or Star-shaped styles. Plus, you can make your portraits even more eye-catching by adjusting the focus when editing.
- Featuring biometric face-unlock with liveness detection for added security.
- Ready for Android™ 10 and beyond. Android One delivers a pure software experience with a streamlined interface and no bloatware. Plus, with three years of security updates and two years of software upgrades, your Nokia 2.3 will get better over time.
- Accessing your favourite assistant is even easier with the dedicated Google Assistant Button<sup>6</sup>. Ask the Google Assistant<sup>7</sup> questions, set reminders and more with a press of a button.

<sup>1</sup>The two-day battery testing was conducted using a real-life usage test by HMD Global. The test included active usage of a device for 5 hours per day with a new battery. Usage included e.g. gaming, video streaming, calling, sending SMS, browsing and using apps (such as social media, news, navigation and music). The test was conducted with normal device settings in a lit indoor environment. The device was left on standby overnight. <sup>2</sup>All specifications, features and other product information provided are subject to change without notice. <sup>3</sup>Pre-installed system software and apps use a significant part of memory space. <sup>4</sup>Hybrid card slot for either second SIM card or MicroSD card. <sup>5</sup>Battery has limited recharge cycles and battery capacity reduces over time. Eventually the battery may need to be replaced. <sup>6</sup>Headset required <sup>7</sup>The Google Assistant is available in selected markets and languages. Where not available The Google Assistant is replaced by Google Search. Check availability at <https://support.google.com/assistant>.

Variations on offering may apply. Check local availability. All images are for illustrative purposes only.
