

# Nokia Noise Cancelling Earbuds

Zone out anywhere.

Colours:

Polar Sea

Charcoal

## Key features:

With active noise cancelling of up to 25Db you'll be able to focus on the sound you want. Enjoy up to 25 hours of noise cancelling playtime<sup>1</sup> on a single charge and use Ambient mode to regulate the noise to your needs. Google Assistant™ is there when you want to skip to the good playlist and the IPX5 rating makes them moisture and dirt resistant.

### Zone out anywhere.

These earbuds actively cancel noise up to 25Db. This is on par with commercial hearing protectors, so even if you're not listening to any audio, you can use the Nokia Noise Cancelling Earbuds to block out the sound of the table next to you.

### Enjoy the sound of silence for even longer.

With Active Noise Cancelling, you can get lost in your own world for up to five hours on single charge. Add four extra charges with the pocket-sized charging case for additional 25 hours<sup>1</sup>.

### Not all noise should be cancelled.

Enjoy every note and beat with studio quality sound, without background noise. Ambient mode can also help you hear the world around you when you need it.

### Easy listening.

Enjoy an automatic connection to your devices as you open the charging case, so you can get to your favourite music, or voice assistant, faster.

### IPX5 water and dirt resistant.

Fancy a trail run in the rain? The IPX5 rating will give you peace of mind from dirt and moisture, like rain or sweat.

## Nokia Noise Cancelling Earbuds sales package includes:
